"I am who I am as a pastor because of TMS Global."

"It was early on in the process that TMS Global helped instill in the DNA of our church this sense that getting beyond the walls is what you're supposed to do."

WHAT IS TMS GLOBAL'S ACTIVATE TRAINING?

TMS Global's Activate Training is the first step your church takes in discovering and living out a unique missional vision and calling from God. The five-hour event is facilitated by one of our TMS Global trainers and includes a variety of learning exercises for anyone in your church. It is important for key church leaders, stakeholders in the congregation, and anyone who is passionate about mission to attend.

This event includes four modules:

1. The mission of God – key biblical and theological insights about mission
2. Surprising insights about mission
3. On mission with God
4. A six-part mobilization plan

Following the Activate Training, we invite your church into a three-year coaching partnership that involves discerning and implementing the six-part mobilization plan we presented at the Activate Training.

The three-phase Activate Coaching involves:

1. VISION (6 MONTHS)

mobilization team formation, mission vision defined and discerned, key focus areas determined

Impact Celebration launched, increase in funding for mission

3. EVALUATE (6 MONTHS)

refine and evaluate key aspects of Activate

2. ACTIVATE (24 MONTHS)

strategic plan discerned, prayer for mission, partnership strategy, short-term service opportunities expanded, Global

HOW DOES TMS GLOBAL'S ACTIVATE COACHING WORK?

WHAT IS ACTIVATE RESOURCING?
