INDEPENDENT AUDITOR'S REPORT

To the Board of Directors TMS Global, Inc. and Subsidiaries

Opinion

We have audited the accompanying consolidated financial statements of TMS Global, Inc. and Subsidiaries, a Georgia corporation (collectively, the Organization), which comprise the consolidated statements of financial position as of May 31, 2024 and 2023, and the related consolidated statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of TMS Global, Inc. and Subsidiaries as of May 31, 2024 and 2023, and the results of their activities and changes in net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Organization and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern within one year after the date that the consolidated financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions,

misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Notes to Consolidated Financial Statements May 31, 2024 and 2023

1. Nature of Business

TMS Global, Inc. and Subsidiaries (collectively, the Organization) is the consolidated financial reporting entity for TMS Global, Inc. (TMS Global) and its subsidiaries, Mission Society Foundation, Inc. (the Foundation), Mission Society Humanitarian Endeavors, Inc. (Humanitarian Endeavors), and Friendship Corporation (Friendship Corporation).

TMS Global, Inc., headquartered in Norcross, Georgia, is a Georgia not-for-profit corporation formed on January 6, 1984. TMS Global and its consolidated subsidiaries are exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code (Code), and contributions to the Organization are tax deductible within the limitations prescribed by the Code. TMS Global and its consolidated subsidiaries are not private foundations under Section 509(a)(1) of the Code.

The Foundation was formed in 1995 to establish flexible giving opportunities. The Foundation is a separately incorporated organization whose board is appointed by the TMS Global board.

Humanitarian Endeavors was formed in 1995 to facilitate humanitarian aid activities. Humanitarian Endeavors is a separately incorporated organization whose board is appointed by the TMS Global board.

Friendship Corporation, established in 1993 as a Georgia not-for-profit corporation, is intended to provide medical and educational services within the former Soviet Union. The board of the Friendship Corporation is elected by the TMS Global board.

The Organization is a voluntary mission agency for laity, clergy, and congregations, who hold evangelical, historical, Wesleyan beliefs. Its purpose is to carry out the Great Commission of our Lord Jesus Christ to go into all the world and preach the good news to all, making disciples, and teaching them to obey the Great Commandment and the Great Commission. This purpose is accomplished through providing personnel and funds to evangelize unreached and under-reached peoples of the world and establishing new congregations among them. Approximately 130 cross-cultural workers presently serve in approximately 29 countries on 5 continents in a wide array of ministries. Several additional countries are reached through cross-cultural workers serving under cooperative agreements with partner agencies.

The Organization is a faith mission and its cross-cultural workers depend totally upon voluntary gifts of individuals, businesses, churches, foundations, and other charities.

As an expression of its accountability and financial stewardship, the Organization is a member of the Evangelical Council for Financial Accountability and Missio Nexus.

In furtherance of its exempt purposes, the Organization expends a large portion of its resources on church growth and evangelism programs. Using models as varied as cell groups, Bible schools, seminaries, and theological education and training, the Organization equips national believers to provide their churches with competent, Spirit empowered leadership. In addition, Bible schools

Notes to Consolidated Financial Statements May 31, 2024 and 2023

and seminaries have been established to educate pastors and lay leaders on how to interpret and teach the scriptures, to minister to the needs in interpreting and teaching Scriptures, and ministering to the needs of the national church. The Organization also provides educational, medical, vocational, social, and other humanitarian services.

In the United States of America, the Organization provides local churches with seminars and mentoring to encourage and empower the U.S. congregations to take up the Great Commission in all geographies throughout the world. This is carried out through the Church Resources Ministry Division.

2. Summary of Significant Accounting Policies

The consolidated financial statements have been prepared on the accrual basis, in accordance with accounting principles generally accepted in the United States of America (GAAP). The significant accounting policies followed are described below to enhance the usefulness of the consolidated financial statements to the reader.

Principles of Consolidation

The consolidated financial statements include the operations of TMS Global, the Foundation, Humanitarian Endeavors, and Friendship Corporation (collectively referred to as the Organization). All significant inter-organization balances and transactions have been eliminated in consolidation.

Use of Estimates

The preparation of the consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Adoption of ASC 326, Financial Instruments—Credit Losses

In June 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2016-13, *Financial Instruments—Credit Losses (Topic 326), Measurement of Credit Losses on Financial Instruments.* This update, as subsequently amended, replaces the incurred loss methodology in previous GAAP with a new methodology that requires consideration of a broader range of reasonable and supportable inputs to determine the Organization's expected credit losses on its financial instruments. The objective of the update is to provide financial statement users with more decision-useful information about current expected credit losses of the Organization at the reporting date. The Organization adopted the new standard as of June 1, 2023, using the modified retrospective transition method. There was no cumulative effect of initially applying the standard as of June 1, 2023. The Organization has determined that the adoption of

Notes to Consolidated Financial Statements May 31, 2024 and 2023

this standard did not result in any adjustments to its net financial instruments, which includes advances to cross-cultural workers included in other assets within the Organization's consolidated statement of financial position.

Cash and Cash Equivalents

Cash and cash equivalents include cash, checking, savings, and highly liquid investments with maturity dates of less than three months. These accounts may, at times, exceed federally insured limits. The Organization has not experienced any losses in such accounts, and management believes it is not exposed to any significant credit risk on cash and cash equivalents.

Employee Retention Credit Receivable

Management determined that the Employee Retention Credit (ERC) should be accounted for as a conditional contribution in accordance with ASC 958-605, *Revenue Recognition*. Under the provisions of ASC 958-605, a receivable is recognized for a conditional contribution when conditions for the contribution are substantially met (Note 11). The ERC was received in full during 2024 and there were no remaining ERC receivables as of May 31, 2024.

Contributions Receivable

The Organization does not accept or record pledges. The Organization receives indications of intent to support the Organization that provide monthly, quarterly, or annual gifts of a specified amount. These indications of intent are open-ended and subject to unilateral change by the donor. They are not considered to be unconditional promises to give and are not recognized prior to receipt of the contribution. Total outstanding intentions to give to the Organization as of the years ended May 31, 2024 and 2023, were to be \$207,143 and \$337,664, respectively.

Other Assets and Allowance for Credit Losses

Other assets consist of advances to cross-cultural workers in the field and due upon completion of term services, prepaid insurance and rent. Advances to cross-cultural workers are continuously monitored and an allowance for credit losses is considered based on historical experience, current and expected economic conditions, and other specific economic factors. At May 31, 2024 and 2023, management has determined that there was no need for an allowance for credit losses as it relates to advances to cross-cultural workers.

Investments and Long-Term Investments

Investments in marketable securities with readily determinable fair values and all debt securities are recorded at fair value based on the last reported sales price on the valuation date. Donated investments are recorded at fair value at the date of donation and are thereafter carried in conformity with the stated policy. Interest and dividend income and the realized and unrealized gain or loss on investments is reported as investment income (loss) without donor restrictions in

Notes to Consolidated Financial Statements May 31, 2024 and 2023

the accompanying consolidated statements of activities and changes in net assets unless a donor or law restricts its use. Investments do not represent significant concentrations of market risk inasmuch as the investment portfolio is adequately diversified among many issuers.

Trust Assets, Liabilities, and Net Assets

In 2001, the Organization received and was appointed the trustee of a charitable lead trust. The charitable term of the lead trust was 15 years and ended May 28, 2016. The terms of the trust awarded distributions of 5% of the fair value as of the end of the trust calendar year to the recipient, TMS Global. Upon completion of the charitable lead trust, remaining trust assets were distributed to a specific Charitable Remainder Trust. The trustee of the new remainder trust is also TMS Global. Distributions from the remainder trust are paid to a designated recipient over the course of her life. Upon her death, the remainder of the trust assets will pass to TMS Global. The estimated present value of future distributions to TMS Global has been recognized and reported as trust assets as part of net assets with donor restrictions for purpose or time.

Property and Equipment, Net

Items capitalized as property and equipment are stated at cost or, if donated, at market value on the date of donation. Leasehold improvements are carried at cost less accumulated amortization. Depreciation is provided over the estimated service lives of the assets, ranging from 3 to 40 years, using the straight-line method. The capitalization policy is to capitalize all fixed assets greater than \$2,500, with the exception of vehicles for international cross-cultural workers, which are expensed when purchased from cross-cultural worker support accounts. When sold, proceeds are returned to cross-cultural worker support accounts. Additionally, all computer equipment, regardless of cost, is capitalized.

Leases

The Organization leases office equipment under certain noncancelable operating leases. Under GAAP, the Organization elected the practical expedients in transition, which permits the Organization to not reassess their prior conclusions pertaining to lease identification, lease classification, and initial direct costs on leases commenced prior to the adoption of the new standard. The Organization also elected the ongoing practical expedient to not recognize operating lease right-of-use (ROU) assets and operating lease liabilities related to short-term leases. The Organization has not elected the practical expedient available to combine lease and non-lease components (i.e. - maintenance) into a single component for all asset classes. The contract consideration of non-lease components, if any, is allocated on a relative standalone price basis.

The Organization has adopted a policy to use a rate which approximates the risk-free rate for a period comparable to the lease term in the measurement of the related lease liability when there is no interest rate disclosed or implicit within the lease agreement. As the risk-free rate is typically lower than an incremental borrowing rate for a specific entity, its use will result in the recognition of a higher lease liability and right-of-use asset.

Notes to Consolidated Financial Statements May 31, 2024 and 2023

The Organization has adopted an accounting policy to forgo applying the requirements for recognition of ROU assets and lease liabilities for immaterial leases. Immaterial leases are those whose ROU assets and related lease liabilities are determined to be immaterial to the consolidated financial statements overall, individually and in the aggregate. The Organization has deemed all leases to be immaterial leases.

Beneficial Interest in Perpetual Trust

In a prior year, the Organization received a beneficial interest in a perpetual trust. The trust assets consist of cash and cash equivalents and marketable securities. The trust assets are carried at fair value as of the date of the consolidated financial statements. When possible, the fair value of investments held as trustee or agent are determined by reference to quoted market prices. When quoted market prices are not available, fair value is estimated by reference to market values of similar securities or by discounting cash flows at an appropriate risk rate, taking into consideration the varying degrees of risk specific to each financial asset.

Charitable Gift Annuities

The Organization has several charitable gift annuities. Under these agreements, the donor makes an initial gift of cash or other assets. An annuity payment liability is measured based on the present value of estimated future payments to the named life income beneficiary using discount rates and actuarial assumptions which consider the donor's life expectancy and the rates typically earned on those investments. The difference between the fair value of the asset received and the annuity payment liability is recognized as contributions. The asset is adjusted annually to fair value and the liability is adjusted for payments to the life income beneficiary. The discount is amortized over the life of the agreement with the remainder reclassified from net assets with donor restrictions to net assets without donor restrictions when the agreement terminates. The discount rates for these annuities approximates 3% for both years ended May 31, 2024 and 2023.

Classes of Net Assets

The consolidated financial statements report amounts separately by class of net assets:

Net assets without donor restrictions are currently available for operations under the direction of the board, designated by the board for a specific use, or resources invested in property and equipment, net of accumulated depreciation and amortization.

Net assets with donor restrictions for purpose or time are contributed with donor stipulations for specific operating purposes or programs, with time restrictions, or not currently available for use until commitments regarding their use have been fulfilled.

Net assets with donor restrictions in perpetuity are contributed with donor stipulations that the principal remain in perpetuity and only the income be available as revenue without donor restrictions or with donor restrictions.

Notes to Consolidated Financial Statements May 31, 2024 and 2023

Support and Revenue, Reclassifications, and Expenses

Revenue is recognized when earned and contributions and grants when cash, securities or other assets, an unconditional promise to give, or a notification of a beneficial interest is received. Conditional promises to give–that is, those with a measurable performance or other barrier and a right of return–are not recognized until the conditions on which they depend have been met.

The Organization reports gifts of cash and other assets as support with donor restrictions if they are received with donor stipulations that limit the use of the donated amounts. Gifts are reported as support without donor restrictions if they are spent in the same fiscal year. When a stipulated time restriction ends or purpose restriction is satisfied, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the consolidated statements of activities and changes in net assets as reclassifications.

The Organization reports gifts of property and equipment as support without donor restrictions unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash and other assets that must be used to acquire long-lived assets are reported as support with donor restrictions. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired assets are placed in service.

Donated goods (including securities, property, and equipment) are recorded at fair value at the date of the gift.

Expenses are recorded when incurred in accordance with GAAP. The consolidated statements of activities and changes in net assets report certain categories of expenses that are attributable to one or more program or supporting functions of the Organization. Therefore, these expenses require allocation on a reasonable basis that is consistently applied and are shown on the consolidated statements of functional expenses. These expenses include depreciation, facilities operations and other expenses and are allocated by an analysis of square footage. Expenses related to salaries and benefits and cross-cultural workers are allocated by an analysis of time and effort.

Notes to Consolidated Financial Statements May 31, 2024 and 2023

Allocation of Joint Costs

The Organization incurred joint costs that include fundraising appeals or activities:

		G	eneral and			
	Program Administrative Fundra		Indraising	Total		
Year ended May 31, 2024:						
Cost of informational materials and activities	\$ 163,732	\$	130,986	\$	32,746	\$ 327,464

	\$ 3,590,599	\$	403,100	\$	80,342	\$ 4,074,041
Year ended May 31, 2023: Cost of informational materials and activities	\$ 154,112	\$	123,289	\$	30,822	\$ 308,224
Salaries and expenses of cross-cultural workers						
and program staff	3,326,901		33,948		33,948	3,394,797
Home office expenses	281,015		238,683		18,142	537,840
	\$ 3,762,028	\$	395,920	\$	82,913	\$ 4,240,861

Income Taxes

The Organization is exempt from Federal income taxes under the provisions of Section 501(c)(3) of the Internal Revenue Code. The Organization is not required by the Internal Revenue Service to file a Form 990 because it is exempt from filing as a missionary society, as the Organization is affiliated with one or more churches and more than 50% of its activities are conducted overseas.

3. Liquidity and Funds Available

The following reflects the Organization's financial assets as of May 31, 2024 and 2023, reduced by amounts not available for general expenditure within one year. Financial assets are considered unavailable when illiquid or not convertible to cash within one year. The Organization considers general expenditures to be all expenditures related to its ongoing activities to achieve its mission and vision as well as the conduct of services undertaken to support those activities.

Notes to Consolidated H	Financial Statements
]	May 31, 2024 and 2023

	2024	2023
Financial assets:		
Cash and cash equivalents	\$ 185,792	\$ 52,233
Employee retention credit receivable	-	2,227,354
Advances to cross-cultural workers	160,380	38,867
Investments	6,545,134	3,253,839
Trust assets	154,227	130,032
Long-term investments	528,722	451,168
Beneficial interest in perpetual trust	2,223,450	2,001,204
Financial assets, at year-end	9,797,705	8,154,697
Less those unavailable for general expenditures within one year:		
Investments held for trust	(154,227)	(130,032)
Endowment funds-held in perpetuity	(391,202)	(394,042)
Accumulated endowment earnings not expected to be		
appropriated	(137,720)	(57,127)
Beneficial interest in perpetual trust	(2,223,450)	(2,001,204)
	(2,906,599)	(2,582,405)
Financial assets available to meet cash needs for general		
expenditures within one year	\$ 6,891,106	\$ 5,572,292

As part of the Organization's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. At May 31, 2024 and 2023, the Organization had \$5,195,143 and \$3,771,509, respectively, in net assets with donor restrictions for various purposes including project support. These funds are considered available to meet needs for general expenditures as funds are used for their donor restricted purposes and are included in the amounts presented in the table herein.

In addition to the financial assets noted above, the Organization had an available \$750,000 revolving working capital line of credit with a certain financial institution, that expired in June 2024 and was not renewed, and bearing interest at the financial institution's prime rate plus 25 basis points (8.53% and 8.28% at May 31, 2024 and 2023, respectively). Borrowings under this line of credit are collateralized by a UCC filing against certain assets owned by the Organization. There were no outstanding borrowings for either of the years ending May 31, 2024 and 2023.

Total restricted in perpetuity	2,614,652	2,395,246		
Total with donor restrictions	7,809,795	6,166,755		
Total net assets	\$ 10,074,830	\$ 8,383,836		

7. Fair Value Measurements

Investments are exposed to various risks, such as market, currency, interest rate, and credit risks. Market risks include U.S. and global events which could impact the value of investments held by the Organization. Such events would include healthcare crises, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant external economic influences, and significant cybersecurity attacks, among others. It is at least reasonably

Notes to Consolidated Financial Statements May 31, 2024 and 2023

possible that changes in the fair value of the Organization's investments will occur in the near term and that such changes could materially affect the investment balances.

The Fair Value Measurements and Disclosure topic of the FASB Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Organization uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Organization measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available.

The following tables present the fair value measurements of assets recognized in the accompanying consolidated statements of financial position measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at May 31, 2024 and 2023, respectively.

	May 31, 2024

Notes to Consolidated Financial Statements May 31, 2024 and 2023

Methods and assumptions used by the Organization in estimating fair values are as follows:

Valuation techniques: The fair values of common stock, mutual funds, and money market funds are based on quoted market prices or dealer quotes and are considered Level 1. The fair value of the beneficial interest in perpetual trusts is based upon the related assets, including mutual funds, corporate bonds, and marketable securities. The Organization considers the measurement of its beneficial interest in perpetual trust to be a Level 3 measurement within the fair value hierarchy because even though the measurement is based on the fair values of the trust assets reported by the trustee, the Organization does not expect to receive those assets or have the ability to direct the trustee to redeem them.

The following table provides further details of the Level 3 fair value measurements for beneficial interest in perpetual trust:

	2024	2023
Beginning balance Change in value of beneficial interest in perpetual trust	\$ 2,001,204 222,246	\$ 2,087,057 (85,853)
Ending balance	\$ 2,223,450	\$ 2,001,204

8. Endowments

The Organization's endowment consists of two donor-restricted endowment funds established under donor restricted endowment agreements dated December 22, 1994 and March 7, 2008.

The Organization has interpreted the Georgia Uniform Prudent Management of Institutional Funds Act (GUPMIFA) as requiring the preservation of the fair value of the original gift, as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organization classifies as net assets with donor restrictions in perpetuity (a) the original value of gifts donated to the endowment, (b) the original value of subsequent gifts to the endowment, and (c) accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in net assets with donor restrictions in perpetuity is classified as net assets with donor restrictions for purpose or time until those amounts are appropriated for expenditure by the Organization in a manner consistent with the standard of prudence prescribed by GUPMIFA. In accordance with GUPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- 1. The duration and preservation of the fund
- 2. The purposes of the Organization and the donor-restricted endowment fund
- 3. General economic conditions
- 4. The possible effect of inflation and deflation

Notes to Consolidated Financial Statements May 31, 2024 and 2023

- 5. The expected total return from income and the appreciation of investments
- 6. Other resources of the Organization
- 7. The investment policies of the Organization

Notes to Consolidated Financial Statements May 31, 2024 and 2023

Funds with Deficiencies—From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or GUPMIFA requires the Organization to retain as a fund of perpetual duration. No such deficiencies existed for the years ended May 31, 2024 and 2023.

Return Objectives and Risk Parameters—The Organization has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Organization must hold in perpetuity or for a donor-specified period(s) as well as board-designated funds. Under this policy, as approved by the board of directors, the endowment assets are invested in a manner that is intended to produce an inflation adjusted income stream to grow the corpus above the inflation rate.

Strategies Employed for Achieving Objectives—To satisfy its long-term rate-of-return objectives, the Organization relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Organization targets a diversified asset allocation that places a greater emphasis on fixed income investments to achieve its long-term return objectives within prudent risk constraints.

Spending Policy and How the Investment Objectives are Related to Spending Policy—The Organization's board considers the long-term expected return on its endowment. This is consistent with the board's objective and donor restrictions to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment returns.

9. Employee Benefit Plans

Retirement Plan

Effective June 1, 2015, the Organization created a 403(b) Retirement Plan (the Plan). The Plan is a defined contribution plan covering all employees of the Organization except ordained United Methodist clergy who have a pension account at the General Board of Pensions at the United Methodist Church. Employees that meet the requirements become eligible upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Management at the Organization is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Organization's board of directors. Participants may elect to make pre-tax or Roth contributions to the Plan through salary deferral. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Organization makes a matching contribution of up to 6% of participant compensation for eligible employees. Contributions to the Plan are subject to certain limitations in accordance with federal income tax regulations. Employees must be U.S.-based employees working at least 1,000 hours per year and compensated through a competitive salary administration program in order to be eligible for

Notes to Consolidated Financial Statements May 31, 2024 and 2023

employer matching contributions. Generally, this excludes any cross-cultural workers. Highly compensated employees are also excluded from employer matching contributions. Employer matching contributions funded by the Organization for the years ended May 31, 2024 and 2023, were \$78,081 and \$110,819, respectively.

Employee Education Savings Plan

All staff are allowed to contribute a portion of their salary (not limited) towards childhood education savings plans. The Organization made no contributions for both of the years ended May 31, 2024 and 2023.

10. Leases

The Organization leases two pieces of office equipment under non-cancelable operating leases. The terms of these operating leases extend through March 2025 and August 2025, respectively. Management has determined that both of these leases are immaterial leases, as described in Note 2. Accordingly, there were no ROU assets or lease liabilities recorded for these leases on the accompanying consolidated statements of financial position as of May 31, 2024 and 2023. Total rent expense under these immaterial leases was \$7,680 for both years ended May 31, 2024 and 2023.

11. Employee Retention Credit

The Employee Retention Credit (ERC) was enacted as part of the CARES Act during 2020, but was not initially available to Paycheck Protection Program (PPP) borrowers, which excluded the Organization from applying for this credit initially. Congress retroactively made the ERC available to eligible employers who received a PPP loan in 2020 and extended ERC benefits to December 31, 2021. The ERC, which provides an incentive to eligible employers who retained their employees during periods affected by the COVID-19 pandemic, is a refundable credit claimed on the employment tax Form 941. Two critical tests for eligibility exist – a partial or total government-ordered shutdown, or a decline in gross receipts. The decline in gross receipts test is based on a "significant" decline in gross receipts in quarters of 2020 (more than 50%) and 2021 (more than 20%) compared with the same quarters in 2019.

During the year ended May 31, 2023, the Organization applied for ERC's of \$2,029,242 related to qualifying quarters in 2020 and 2021. At May 31, 2023, \$2,227,354 is included as an Employee Retention Credit receivable on the consolidated statement of financial position for amounts expected to be received under the ERC program, which includes interest of \$198,112. The total expected refund of \$2,227,354 is included in net gain from Employee Retention Credit on the consolidated statement of activities and changes in net assets for the year ended May 31, 2023. Management believes there is reasonable assurance that the Organization has met the requirements to be eligible for the ERC in 2021 and 2020. These credits are subject to review and approval by the government and may change upon examination. During the year ended May 31, 2024, the entirety of the ERC receivable balance was received by the Organization.

Notes to Consolidated Financial Statements May 31, 2024 and 2023

As discussed in Note 2, management believes that the Organization has substantially met the requirement to be eligible for the ERC in 2020 and 2021. Under ASC 958-605, this conditional contribution is recognized as revenue as the related conditions are met.

Generally, the Internal Revenue Service (IRS) has a three-to-five-year statute of limitations, from the date filed, for any ERC claims. A successful challenge of the Organization's eligibility for the ERC by the IRS could result in the repayment of the ERC funds received as well as payment of additional tax, interest, and penalties. The Organization could also incur significant expenses to defend its position, including but not limited to the payment of attorneys' fees, court costs, accountant fees, and other expenses contesting deficiencies asserted by the IRS.

12. Concentrations

Contributions from four households amounts to approximately 25% and 30% of unrestricted contributions received by the Organization during the years ended May 31, 2024 and 2023, respectively. The Organization received a grant from a Foundation during the fiscal year ended May 31, 2024 that amounted to 14% of total support with donor restrictions.

13. Subsequent Events

Subsequent events have been evaluated through November 1, 2024, which represents the date the consolidated financial statements were available to be issued. Subsequent events after that date have not been evaluated.
